

## Holiday wish list for – what’s in a word – bikers, riders, cyclists, commuters

The key to giving the perfect gift is really all about the recipient, isn't it? We've compiled a list we think the bike lovers in your life would appreciate – urban cyclists, weekend riders and just-in-it-for-the-bike-culture aficionados, alike!

### Biologic Pango Helmet – full protection at half the space

Typical bicycle helmets are bulky and difficult to transport. The ingenious BioLogic Pango Folding Helmet **folds in three easy steps to half the size** so you can stash it in virtually any bag. Folded, the helmet is protected like an armored Pangolin – perfect when you're heading overseas and stuffing your helmet into an already fully loaded suitcase. A new **Fidlock magnetic snap buckle** lets you buckle in or out with one hand. The BioLogic Pango Folding Helmet is the perfect commuter helmet: protective when you need it, conveniently out of sight.

One size fits most comes with several pads for adjustment  
MSRP € 60,-

### Biologic AnchorStrap – fiddle-free connection

The AnchorStrap plants your **GoPro® or camera on your bike, scooter or motorcycle handlebars or any round tube with 360° of locked-down pan and tilt adjustments**, so you can catch the action or capture the perfect reaction-reel. Mount it in only ten seconds—tool-free, so you can focus on riding the world, not fiddling with devices.

MSRP € 18,95

**Tern Tool – great for Fixie, Singlespeed and internal gear hub bikes**

The Tern Tool ensures you stay on your bike, and don't get stuck roadside. Specially designed, the multi-tool boasts 19 must-have tools, **including a 15 mm wrench for tightening axle nuts** and pedals and a 6 mm wrench for adjusting various parts on your bike.

The included neoprene cover can be slipped onto the body handle of the multi-tool for a more comfortable grip. The multi-tool folds into a flat, compact size. With the integrated strap, it stores discreetly and securely under your bike saddle.

MSRP € 40,-

**The Vizy™ Light – safety in the dark radi@ally re-invented**

The Vizy™ Light **projects 360° of radial 60-lumen light on the ground around a bike**, creating a bright circle of protection to safeguard riders in low visibility situations. The Vizy Light's halo provides a clear signal for road users to pass at a safe distance, and illuminates riders' bodies, so drivers can react accordingly. The Vizy Light is durable, weatherproof and beautifully encased. It also features a rear-facing LED light with five modes for long range visibility. A built-in rechargeable Li-polymer battery (1000 mAh) can easily be charged by Micro-USB.

MSRP € 40,-

### RidePocket – bagged versatility

The RidePocket is a **compact bag built to hold everything you keep in your pockets: wallet, cellphone, and keys.** With the RidePocket you can cycle comfortably - no more sitting on your house keys. Since it's intuitively organized, your essentials are right where you need them - no more fishing around in your backpack or pannier. The RidePocket includes a weatherproof rain cover, so you can push on through torrential downpours, and it's built from durable 420 denier nylon. It mounts securely at any vertical or horizontal part on your bike, like stem, seatpost or top tube. It comes off easily with a Velcro latch, so you can bring it in with you when you lock your bike outside.

MSRP € 29,-

### Tern Dry Good Bag – designed to keep things dry and organized

The Tern Dry Good Bag **gets your stuff to wherever you're going, dry and protected.** The bag is made from tough, waterproof TPU fabric and features welded seams and a roll-top design so water can't get inside. Attaching the Dry Good Bag to a compatible rear rack is a breeze: set it on the rack, slide it, and the KLICKfix bracket clicks into place.\*

For taller, heavier loads, the patented 3Point™ shoulder strap converts into additional support straps that keep your load in place even if you're swerving through traffic. The inside of the bag features soft, thick padding – perfect for a 13" laptop and a change of clothes. Two side mesh pockets are sized for a BioLogic Pango folding helmet or an iPad.

MSRP € 115,-

\*compatible only with a KLICKfix rack

### Tern Bossless Bottle Cage – Hydration on the go-any place!

The Bossless Bottle Cage lets you add a bottle (or three) to any bike - mounts or not. We designed it **so riders can add extra water bottles to their seatposts or handleposts**, it works just as well on bossless track bikes, under-equipped road bikes, long-haul tourers and E-bikes (if the battery blocks the regular position of the bottle cage).

MSRP € 23,-

### Tern Porter+ Saddle – when the riding gets tough

We reengineered **the underside of the age-old bike saddle into a comfortable shoulder pad**. Whether you're rushing down to the metro, or hauling your ride to the third floor, the Porter+ is an easy way to carry your bike. It works also great on your MTB when crossing the Alps or the Grampians. The Porter+ works with all Tern bikes and any bike with at least 20 cm of clearance between the saddle and top tube.

MSRP € 55,-

## Big Mouth Pannier – for the ultimate shopping spree

The new Big Mouth Pannier is **one of the biggest possibilities that help you carry a load on your bike**. The Big Mouth holds up to 23 L so it's perfect for grocery runs or daily commuting. Thanks to the wide cinch-top opening you can easily organize, load, and secure your cargo. It opens so wide, in fact, you can easily drop a basketball or watermelon inside.

The Big Mouth hangs on the side of your rear pannier rack with robust Ortlieb pannier hooks, so you can expect years of reliable operation. It's constructed from rugged 840 and 1020 denier nylon and it's light too - only 0.87 kg. Plus, it folds flat when you aren't using it, for a discreet and narrow profile.

MSRP € 65,-

## Kontii Basket – throw it in, haul it away

Lightweight, roomy and virtually indestructible, the Kontii Basket is **a cargo workhorse for rear racks**. Boasting a generous 18 liter capacity and support for loads up to 9 kg, the Kontii uses Ortlieb® rack mounts for easy one-hand operation. Rugged polypropylene construction, an open-top design, reflective accents for nighttime visibility, and a convenient carrying handle make it perfect for getting things done around town.

MSRP € 40,-
